

CLINICAL ENROLLMENT BASED ON REAL-TIME HEALTH HISTORIES

Pinpointing providers, patients and facilities that can stand the test of time for your toughest clinical challenges can be a laborious, futile process. Give your study enrollment the boost it needs with the country's largest database of health histories.

Clinical Connect has access to 60+ million U.S. health histories that include diagnosis (ICD9/10) and treatment (CPT) data, lab and prescription information, financial and plan data, referral patterns and more. If you want this world of data at your fingertips, start with a small project. We'll pull data that is de-identified, longitudinal, integrated and compliant. Data feeds are delivered directly to your organization or accessible through our web-based portals. Reports are real-time and heat maps help you fine tune your search. Once you try us, you'll quickly agree: Clinical enrollment has never been more targeted!

DATA SOLUTIONS & PROFESSIONAL SERVICES

We know that reliable data is critical to the success of every segment of the healthcare industry, be it commercial, clinical, brand, research or agency. But raw data alone can be cumbersome and overwhelming. Since our success depends on the success of our clients, CMS Connect provides a variety of data solutions that make using data easier.

- **REPORTS** – Unique, custom reports provide a single “snap shot” in real-time.
- **REAL-TIME ACCESS** – Interface access to run reports and export results, graphics and tables.
- **CUSTOMIZED REPORTS & ANALYTICS** – “Slice ‘n dice” data delivers client-specific results to help develop strategies and business objectives.
- **CUSTOMIZED ACCESS** – Custom fields in a client-designed custom interface.

In addition to these comprehensive data solutions, CMS Connect offers a number of professional services, including surveys, physical detail research, market research, and multi-channel services (outbound call center, direct mail, email, fax, etc.).
